

# Meeting Agenda

Location: 3213

Date: 2012-03-15

Time: 15:15

Facilitator: Emil Edholm

Participants: Johan Gustafsson, Johan Andersson, Emil Johansson, Emil Edholm

## 1. Objectives (5 min)

Main objectives until next meeting.

- a. Complete RAD-document.
- b. Redo the domain model with feedback from Christer.

If time is sufficient, start with the SDD-document.

## 2. Reports (15 min)

We have continued to work on the RAD-document, domain model and also created a list with basic requirements and their use cases.

A possible feature list have also been created to fill with ideas not required but which could be implemented if time is enough.

The feedback from Christer was mostly about the domain model being too inspired by the design of the application.

## 3. Discussion items (35 min)

### 1. How do we do the RAD?

We will finish the RAD-document after this meeting.

### 2. How do we do the domain model?

The domain model will be finished within the group after this meeting.

## 4. Outcomes and assignments (5 min)

1. We will finish the RAD and domain model together.

## 5. Wrap up

1. The next meeting will be 2012-03-21 at approximately 12:30.
